

PRODUCT INSTRUCTIONS

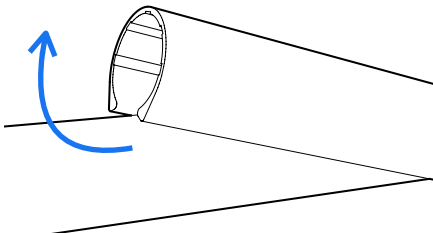

PipeClamp™

FORMUFIT PipeClamp™ connects materials such as tarps, netting and cloth materials to PVC and other types of pipe. To connect this product to PVC pipe, follow the instructions shown below.

Assembly

 <p>1</p>	 <p>2</p>
<p>Lay the material you wish to connect over the pipe segment. Align the PipeClamp with the pipe.</p>	<p>Push the PipeClamp down over the material and pipe until it is snapped into place.</p>

Removal

<p>To remove a PipeClamp from a segment of pipe, simply lift from the bottom of the clamp pull until one end is released. Pry up the remaining area of PipeClamp to be removed.</p>

Other Compatible Pipe Materials

PipeClamp™ is compatible with more than just PVC pipe. It will also work with a host of other tube-shaped materials, such as metal pipe and wooden dowels. Review the PipeClamp compatibility chart to see what size PipeClamp to use for your application:

1" Size PipeClamp™ is compatible with:	1-1/4" Size PipeClamp™ is compatible with:
1" Size PVC Pipe	1-1/4" Size PVC Pipe
1" Size ABS Pipe (<i>Black Plastic</i>)	1-1/4" Size ABS Pipe (<i>Black Plastic</i>)
1" Size Galvanized Pipe (<i>Silver Metal</i>)	1-1/4" Size Galvanized Pipe (<i>Silver Metal</i>)
1" Size PVC Conduit (<i>Gray Plastic</i>)	1-1/4" Size PVC Conduit (<i>Gray Plastic</i>)
1" Size Black Metal Pipe (<i>Black Metal</i>)	1-1/4" Size Black Metal Pipe (<i>Black Metal</i>)
1-1/4" Size Acrylic Tube (<i>Clear</i>)	1-1/2" Size Acrylic Tube (<i>Clear</i>)
1-1/4" Size EMT Conduit (<i>Thin Silver Metal</i>)	1-1/2" Size EMT Conduit (<i>Thin Silver Metal</i>)
1-1/4" Size Wood Dowel	1-1/2" Size Wood Dowel

Securing

Since PipeClamp is made from 100% PVC, you can connect PipeClamp to PVC Pipe permanently by using PVC cement. Please note that PVC cement may alter or damage any materials between the pipe and PipeClamp. It is recommended to only use the PVC cement where there is no material in-between.

Screws can also be driven between the PipeClamp and PVC Pipe or other materials. Pre-drill holes to avoid cracking or warping of the PipeClamp.
